SPECIALIZATION

Over the past years, my focus has slowly but steadily shifted towards development, back-end and front-end.

However, my biggest interests are languages and cultures. With that knowledge, I want to solve problems for people from all over the world, make their lives easier and connect them with each other.

EXPERIENCE

Web Developer | Teamleader
May 2018 - present
In summer 2018, I started a new chapter and joined Teamleader. This is not only a great opportunity for me to grow as a developer, but also a big new adventure as I am moving to a new city in a new country with a language I still have to learn.

CEO | Aheenam
May 2016 - present
While I was working most of my time as a freelancer, in 2016, I decided decrease client work and focus more on creating own products. Therefore, I changed the type of my business and created a custom brand for this company.

Web Developer | netinsiders
Nov 2016 - Apr 2018
By the end of 2016, I joined the team of netinsiders as a web developer. I worked there as a Laravel and Vue developer but also with Angular and the Ionic Framework.

Co-Founder | KERNWERK
Oct 2015 - Jan 2018
Together with some friends, I created an awesome app for digital personal training. I created the backend of first MVP using Laravel as the framework of choice. Due to lack of time and shift of interests, I left this project by the end of 2017.

Production Assistant | Kopierland GmbH
Jun 2011 - Mar 2014
During my studies at the University of Ulm, I had a part time job in a printing company producing various print media, consulting customers and taking over simple print design orders.

Web Designer | rathesDot/CreativeCreation
Jun 2006 - Mar 2016
At the age of 14 I started working as a freelancing developer. Earning my first money creating custom MySpace layouts, I went on to create custom website for various customer of different sizes.
